SECTION C: TOP-OF-MIND

[Annotation for data users (added to the instrument for clarification):

Surveyors asked each of the 4 questions in C1 in an open-ended way. For C1b and C1d, the response options reflect categories based on the most frequent answers provided during pilot surveys. Surveyors marked all the relevant options based on the respondents' freeform answers and also wrote out any answers that did not correspond exactly to the existing options. In no case did surveyors ever prompt respondents with the specific answer categories listed in the survey form.]
